

Corrigendum: Polar vortex formation in giant-planet atmospheres due to moist convection

Morgan E O'Neill, Kerry A. Emanuel and Glenn R. Flierl

Nature Geoscience **8**, 523–526 (2015); published online 15 June 2015; corrected online 6 October 2015.

In the version of the Letter originally published the second sign in the energy parameter equation should have been a minus sign. This error did not affect the conclusions of the Letter and it has now been corrected in the online versions.
